

Ref. SLP/PA  
11 March 2019

Dear Parent/Carer

### **Easter Holiday Revision Sessions**

With approximately six weeks until the summer examinations begin, the academy will be supporting students with their revision by offering sessions in Maths and Science during the Easter holidays. We would appreciate your support in encouraging your child to attend.

- **Science:** Monday, 1 April 2019 from 9:30am to 12:30pm

The session will be divided into three parts and include a short break where refreshments will be provided. All students are invited to attend.

- **Maths:** Wednesday, 3 April 2019 from 9:30am to 12:30pm

The session will include a short break where refreshments will be provided. All students are invited to attend.

Students should also continue to take advantage of the wealth of enrichments, not just in Maths and Science but all subjects across the curriculum, on offer after school on a daily basis. Further details about these can be found on the academy website or from your child's teachers.

To confirm your child's attendance to the Easter holiday revision sessions, please complete the slip below and return to SID by Friday, 22 March 2019.

Yours faithfully

Miss Gemma Hoy  
**Head of Maths**

Mrs Kate Beale  
**Head of Science**
